5 Bedroom, 4.00 Bathroom, 2,210 sqft Residential on 0.30 Acres

NONE, Whitecourt, Alberta

Here's a house that feels like home. Thoughtfully designed in the Craftsman style, this two-story has space where you want it, details that make sense, and a location that keeps life easy.

With over 2,200 square feet above grade (plus a fully finished basement), there's plenty of room to spread outâ€"five bedrooms, four bathrooms, and storage where you actually need it. The kitchen is built for cooking and conversation, flowing into the dining area and front living room. There's a den when you need some quiet, a second-floor laundry because it just makes sense, and a primary suite with a walk-in glass shower that's worth looking forward to.

The lot? Big. Big enough for a second garage alongside the finished double-car attached one. And with the neighbourhood park next door and schools within walking distance, the setting is just right.

No fluff, no fussâ€"just a great house in a great spot.
